# Create Account Page (Desktop)

The desktop layout is contained within a large rectangle. At the top is a header bar with a hatched box labeled '[URL]' and an arrow pointing to the text 'URL to Home Page'. Below the header, on the left, are several small, faint rectangular boxes. To the right of these is a vertical stack of elements: a hatched box labeled 'Informative title', followed by two empty rectangular boxes, then a box with a small square icon and a line to its right labeled 'drop down menu', and finally a box containing the letter 'B'. An arrow points from the text 'Forms to Signup' to the two empty boxes above the drop-down menu.
